The Family Garden

Brilliant 'brights' add a real fun feel to this family inspired garden. Primary colours in vivid shades of blue, red and yellow, work together as easily as 1, 2, 3...Hop outside, enjoy the outdoors and embrace the charm of 'grow your own'.

'Family Focussed' gardeners are typically aged 36-45 with children and represent about 7% of UK households. On average they visit garden centres seven times a year and 95% have a garden or allotment. The garden is as much a place to relax as it is for stimulation and fun for the children.
