

Beat the rush for plugs of our New Autumn varieties

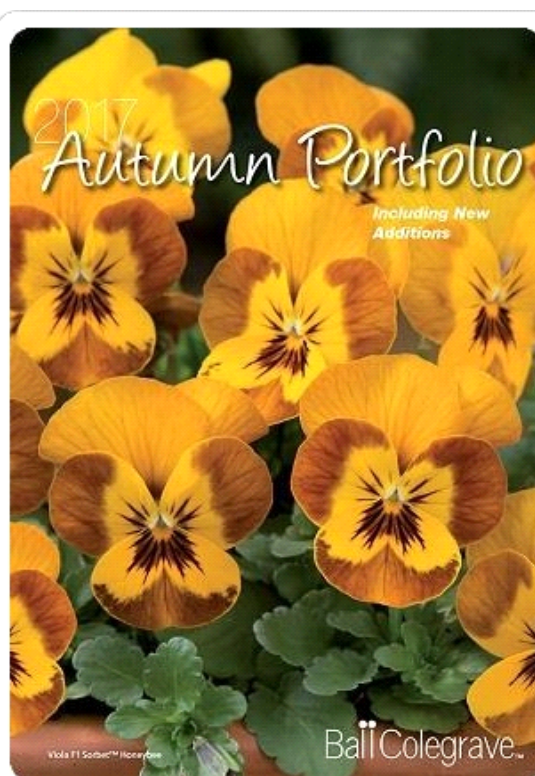

## New Additions for 2017

We are delighted to present the **2017 Autumn Portfolio**, which brings together our highly recommended varieties for Autumn and Spring production, plus stunning New Additions released since receiving your 2017 Catalogues. With some stunning new introductions, it's worth booking your plugs early to avoid disappointment.

Highlights include stimulating novelties to excite the retail market such as;

- Dianthus **Pink Kisses®**
- Pansy **Mystique Moonlight**
- Polyanthus **Showstopper Yellow**
- Primrose **Cherish**
- Viola **Sorbet™ Honeybee**
- Viola **Sorbet™ XP Raspberry Sundae Mixed**

Plus some great improvements to existing series and new varieties which offer superior performance on the nursery bench;

- Chrysanthemum **Branking Pink**
- Dianthus **Oscar® series**
- Pansy **Cool Wave™ Lemon**

The recently introduced series of **Polyanthus F1 Stella** is also proving to be a real winner for this coming season and looks to be the upcoming market leader for future pack and pot bedding sales and municipal planting schemes. This hardy multiflora Polyanthus certainly packs a punch with 10 very distinct colours, an exceptionally long flowering period from late January onwards and darker green foliage than other Polyanthus varieties. A great alternative to traditional varieties.
