

Container production made even easier!

New colour-coding puts extra "Speed"™ into Speedplanter

Green & Terracotta Planters

For 2019 your Speedplanters will be supplied colour-coded for **Instant** and **Easy Recognition** at the point of delivery;

For Containers = **GREEN** Speedplanters

For Baskets = **TERRACOTTA** Speedplanters

With this simple change, when your trolley of Speedplanters arrives on your nursery, your team can instantaneously identify which planters are for baskets and which for containers. There is no need to pick them up individually to read the label, reducing time wasted on unnecessary handling!

Green Planters for Containers
