

## An industry 'first' - The Garden Decorators Guide

We are delighted to introduce the...

## TRENDS *Garden Decorators* *Guide.*

This is your brand new ideas book, packed with fashionable colour combinations to make the whole garden decorating experience simple, fun and magical!

This guide, sent to the whole Garden Centre industry, is packed with suggestions on plant colour associations and recipe ideas. It's a perfect starting point to work with your team in creating your very own inspirational colour themes to grow your colour sales.

**TRENDS** sets out to demystify what to the homegardener can often seem as a daunting challenge; decorating with colour in the garden. It offers lots of simple suggestions of colour combinations, making the whole gardening experience straightforward and fun.

Of course, not all plants are the same. That's

why we have handpicked only top performing varieties, researched and trialled in our very own gardens to offer outstanding seasonal colour.

We trust **TRENDS** will help you stimulate great new opportunities in selling plant colour combinations.

If you would like copies of **TRENDS** to share with your team, please contact **Customer Services** or [Click Here](#) to view the brochure.
