

Its time to order Perennial plugs for Autumn sales

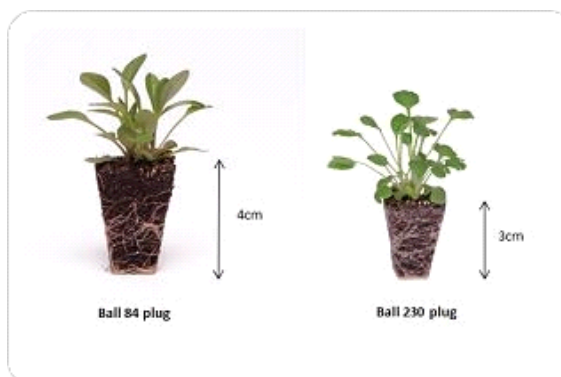

Ball®

## Lasting Beauty Perennial Plugs

Its almost time to order your Perennial plugs for June/July delivery, ready for Autumn pot and pack sales. With the busy bedding season now upon us, we didn't want you to miss the opportunity to book your late season plugs before it's too late.

### Ball 84 plug

**Ball 84** plugs are being sown soon for week 24 and 30 deliveries... so now is the time to plan your programme.

Our 4cm **Ball 84** plug is perfectly proportioned for both machine and hand transplanting. Recommended for jumbo packs and 1 - 1.5 litre pots for Autumn plant sales or overwinter cold for early Spring 2016 sales. With over 80 varieties to choose from, our Ball 84 Lasting Beauty Perennial range is the ideal follow-on crop from your Summer bedding production to optimise available space and create a return within 6 to 8 weeks of potting.

## Ball 230 plug

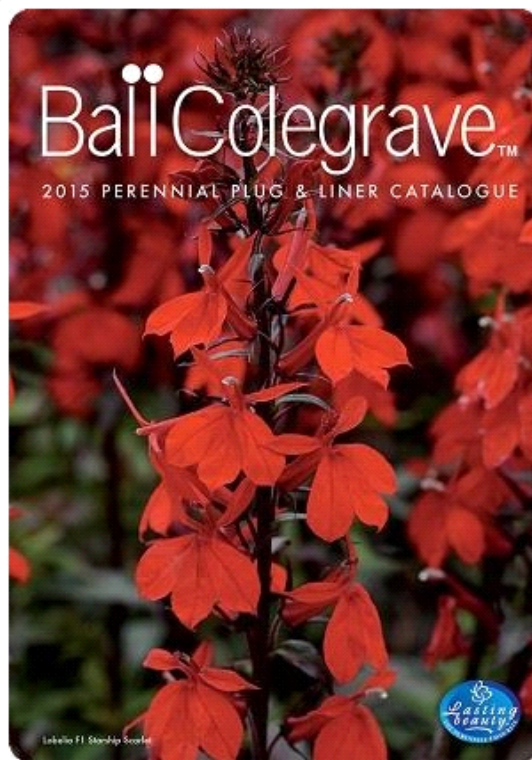

**Ball 230** plugs provide you with a select range of smaller seed-raised Perennial plugs, which are ideal for Autumn "green" pack sales.

Our **Ball 230** plug offers bedding plant growers a cost effective format for volume production.

Pot week 34 for Autumn "green" pack and 9cm pot sales, or try multi-planting 3 plugs in larger 1-2 litre pots.

## Summer Perennial Gardens

Don't forget you can see an amazing selection of new, existing and experimental Perennials in a range of pots, containers and flower beds at this year's **Summer Showcase**; 13th to 31st July.
