CHOOSE THE LOOK

The PATIO market is set to double... Are YOU ready?

We MAKE IT EASY for growers, retailers and consumers to buy the plants they want.

The Plant Collections

The Bollywood Garden - one of the many themed plant collections we have introduced to add further impact and impulse to garden retail areas. An infusion of vibrant magenta, exotic orange and intense yellow create a loud, imaginative and fun Eastern inspired experience. Clashing shades boldly planted, embellish this hillside terrace, a dramatic setting for any motion picture.
