WHAT'S NEW FOR 2026

We are excited to be introducing lots of new varieties for 2026, many of which can be found throughout the **Summer Inspirations** displays. During your visit, don't forget to visit the New Varieties Theatre display in the Polyhouse for some of the key highlights!

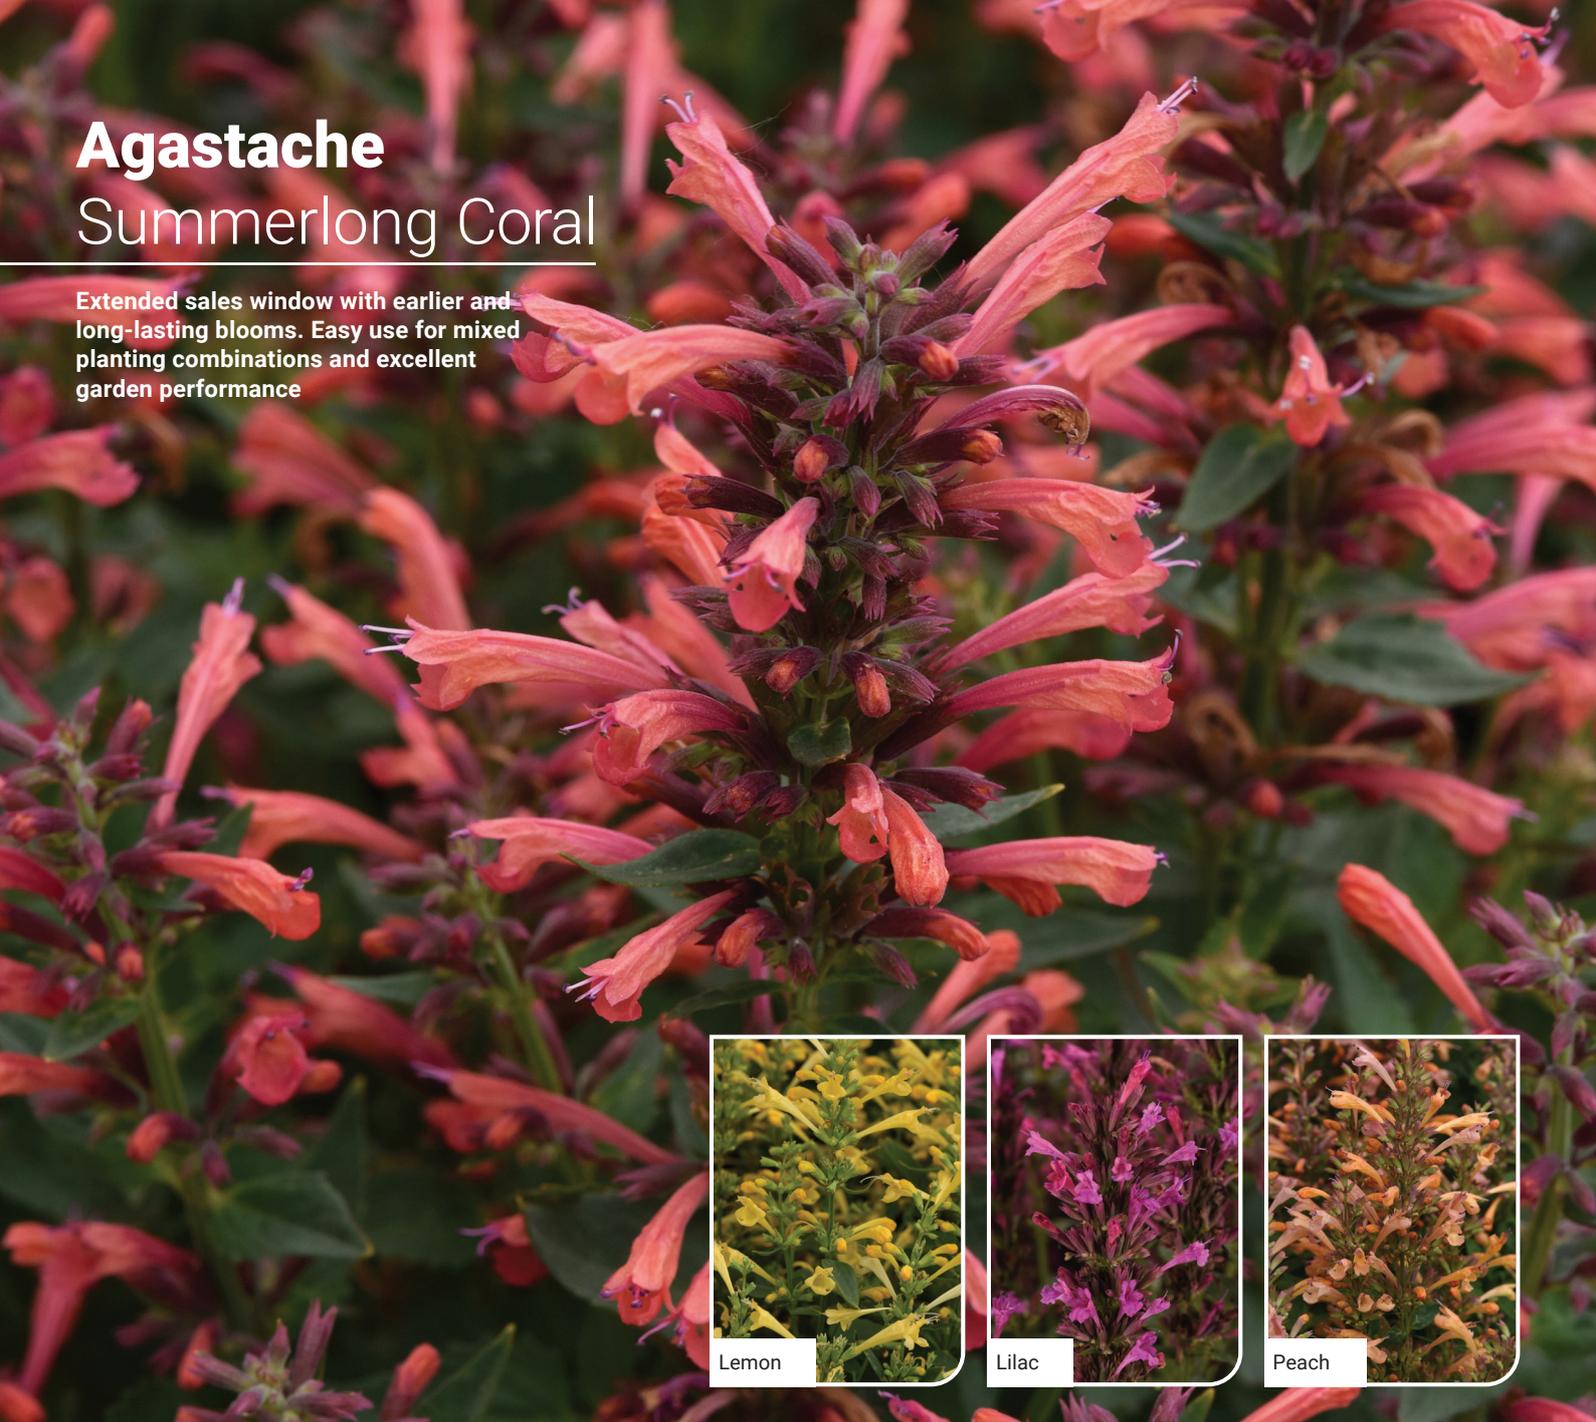

**Dahlia
Gardenetta®**
Velvet Crush

Look out for all the new varieties in the **2026 Spring & Summer Plant Catalogue** and **2026 Vegetable, Fruit & Herb Catalogue** due out early September. Most new perennial and shrub varieties can be found in your **2026 Lasting Beauty® Buyers Guide**, released in June.

Give consumers that 'Tropical' feeling in their garden! A real "Patio Performer" for premium June and July pot sales. Jade is a low work, grower friendly semi-compact series. Can be sold without framework flowering on the pot. Recommended for 10.5-19cm pots or multiple in hanging pots/containers

Jade Pink

Jade Red

Jade Scarlet

Mandevilla Tropica™ Opal Fuchsia Flamme, Opal Red & Opal White

Fantastic summer performance – lots of flower! Opal continues to provide a taste of the exotic, but plants continually look to climb, requiring a climbing framework. One pot in 17-21cm container, or multiple in a larger container

Petunia Viva Fuchsia & Rose Morn

Large, flowered Petunia with a compact semi-trailing habit, an excellent choice for mixed combination plantings. Selected on garden performance and colour power!

Osteospermum

Dalina® Double Blue Ice

Novelty blooms create 'wow' at retail!
Big full double flowered series in striking
colours enhance appeal. Easy to plant
and grow. Ideal for 10.5-13cm pots

Deep Pink

Enrico

Pink

Purple

Yellow

**Petunia Surfinia®
Dark Yellow**

A standard choice for traditional baskets and good all-round performer with attractive mounding habit and strong central branching. Dark Yellow adds uplifting warmth and vibrancy

**Rudbeckia Pawnee
Spirit**

Early and uniform flowering Rudbeckia, producing a show of rain-tolerant flowers. Impressive golden yellow flowers with uniform, dark centres, up to 15cm in diameter. Height 50cm

Salvia Salgoon® Lake George & Lake Silvretta

Salgoon® offers strong, resilient plants with many sturdy, packed flower spikes. Rich flowering in calming, soothing blue tones. Make gardens flourish, attracts bees and butterflies.

Salvia Mystical Blue

Well-branched plants of compact-medium habit and shorter, narrower flower spikes than Mysti, with more stems and narrower foliage. The compactness will allow plants to arrive at retail in peak condition

Petunia Easy Wave® Pink Pearl

Great versatility and the most colour, blooming freely all season long! Spreading, mounding and semi-trailing with a tidy, naturally branched habit and quick to flower. Enjoy dozens of decorator colours and mixtures to match your personal style! Pink Pearl adds a softer, more delicate colour to the series

Scaevola Fancy Compact Blue

Compact Blue is part of an attractive and compact series of Scaevola, uniform in plant habit and flowering time. Robust mounding plants with stems densely packed by large bright flowers. Prolific flowering

Verbena EnduraScape Pink Fizz

Fills large pots, containers and landscapes with unbelievable cold and disease tolerance. Nonstop summer long flowering, now in a pretty pink-white bicolour

Verbena Showboat Grape & Purple Eye

An outstanding all-round series with early, large flowers and a mounding, arching habit for pot, basket and containers. Plants maintain a good shape with full centres.

Vinca Titan-ium Mixed

The most powerful Vinca yet! Get the fast flowering, superior branching and big flowers of Titan™ Vinca. Tight flowering window with blooms in strong selling colours

Pepper

Kitchen Buddies®

Jalapeno

A new series of compact British bred Chilli Peppers developed for early fruiting and ripening in the UK climate. All your favourite traits in a plant that fits in any small area from a sunny windowsill to the patio table

Ball

Cayenne

Aubergine Wand Amethyst

A unique, very compact Aubergine that's quick to mature, making it the most suited variety for pot sales and container growing. Cylindrical fruit develop in clusters, with up to 30 fruits during the season! Bred in the UK

Basil Dolce Fresca

Hearty plants with edible and ornamental appeal. Sweet Italian leaf Basil with a traditional Genovese flavour. Mid-size plant with a tidy appearance on a unique bushy, mounded habit, performs well in gardens and patio containers. Controlled size in the garden. Height 30-35cm

Basil Everleaf Emerald Towers

Beautiful towering dark green plant, with excellent yields for in-ground, container and hydroponic use. Well-branched variety, featuring a traditional Genovese flavour. Height 60-90cm

Cucumber GherKing

Early, large yields of bitter free fruit. Cylindrical, dark green, highly spined 8-13cm long fruits with white interior are perfect for pickling and fresh eating. Best grown in-ground

Tomato Rocola Stripe

Trailing Tomato for hanging baskets and containers. Plant habit is branched and semi-vigorous making it ideal for 10cm commercial pot production. Plants will produce a season long bounty, of well flavoured cherry sized fruits. Performs well for consumers. Rocola Stripe is a bright red with marked yellow stripes

Chocolate

Okra (Ladies Fingers) Baby Bubba

A cool dwarf plant for small spaces! Grows half the height of standard Okra plants, but with full-sized fruit. Narrow, upright plant takes up less space in the garden and can be planted in a container on the patio

Pepper (Hot) Spinning Tops

Capsicum chinense. Highly ornamental variety with an unusual triangular fruit shape, like a mini spinning top. Medium heat with a rich, smoky and slightly sweet flavour. Plants can produce 70-100 fruits

Squash Green Lightning

Patty pan Squash with vivid, green-striped colouration. Exceptional yield and flavour. Early ripening means it will be one of the first Squash harvested during the season. Fruits 3-8cm long x 3-13cm wide

Strawberry F1 Fresca

Produces an abundance of tasty medium-sized fruits on compact plants from the start of summer through autumn. Can be sold in pots and containers with fruits already on the plants at point of sale. White flowers
